

## Color Cloth – Cleaning Cloth for Kitchen / Dining Hall

- A premium cleaning cloth designed for heavy-duty use in the food and beverage industry, including cafés, restaurants, and food preparation areas.
- FDA-approved, food-safe kitchen cloth specially developed for professional food handling environments.
- A safer and more hygienic alternative to traditional food service towels, Good Morning towels, checkered towels, or microfiber towels.
- Thicker, more durable, and more absorbent than standard towels.
- Easy to wash and quick to dry — helps prevent bacteria growth and ensures a hygienic, odor-free environment without cross-contamination.
- Can be washed repeatedly and used multiple times (depending on usage).
- Material: 70% Viscose + 30% Polyester. Viscose is a plant-based fiber.
- Available in multiple colors to support HACCP compliance in food-safe zones.
- Packing: 25 pcs per packet, 10 packets per carton.
